NEW GOODS! NEW GOODS!!

AT

Greech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 51 CASES OF DRY GOODS, containing a large and varied assortment; And when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at a ten a per yard; want you look at them at 10 cents? and can you afford to buy them at 12½.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and to you that do know, come right along and buy what you want. I have got some for the boy's, plenty for the youth's. A rich supply for the young men and enough to keep the old gentlemen warm, so why not expect a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listning winds received the song.
Come to Carech's.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $2.00! Do you want them cheaper? same quality. Cant find them? Do you want them finer? I am just the man that has them. 5, 7, 8, 10, 12, 15, 20, 25 and 30 dollars; do you want them finer still? Just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; Styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands, and I hope, by strict attention to business, representing goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

FRANKLINTON CONVENTION.

The delegates to this Convention are requested to meet together on FRIDAY THE 11TH DAY OF NOV. next, at 12 o'clock M., at Franklinton, in order to nominate a candidate of the Conservative party for the House of Representatives of the United States, in the place of the Hon. Robert B. Gilliam, deceased. A full attendance is anxiously desired.

WM. EATON,
October 24, 1870. President.

LEASE OF THE NORTH CAROLINA RAILROAD.

We learn that a number of the Stockholders met the Board of Directors at the Company Shops on Tuesday, when the question of the lease of the North Carolina Railroad from Greensboro to Charlotte to the Richmond, Danville, and Piedmont Railroad, came up and was lengthily discussed.

We learn, with surprise, that a resolution offered by Capt. J. R. Harrison, of this city, rejecting the proposition out and out, after discussion, was rejected, and that the final action resulted in a proposition to delay action to a subsequent period.

We are at a loss to account for the fidgety and apparently unsettled feeling in regard to the proper management of the N. C. Railroad. The length of the Road, its relations to the people of the State, give it a position not entirely estimated by dollars and cents. The Stockholders as individuals, it is true, have a strong interest in it, and the fact that their investments in this Road, have been for so many years profitless, is a reason why some of them are restive, uneasy and fidgety, and are anxious to adopt a one plan by which their investments will pay. But these gentlemen should remember that the public interest is a paramount one, which the guardians of the State and of the people cannot overlook or entirely yield to the clamors of private interests. Most of the large original stockholders who were contractors on the Road, were doubtless well paid for their services, if not entirely yet nearly so, over and above the stock they received as part compensation. Those however who paid the par value for their stock in actual cash, have greater cause to be anxious or to complain, than others. But the position assumed by the advocates of sale or lease, that it will work to the advantage of the Road, is untenable. If Mr. Buford, the President of the Danville Road or Dr. Hawkins of the Raleigh and Gaston Road, can lease the North Carolina Railroad or any part of it, and so manage it in connection with their own Roads and *make it pay*, why cannot Maj. Smith *make it pay by retaining the whole?* The answer to this question, has much to do, in satisfying the people, that the Road should be leased or sold under any circumstances.

If the owners of the Road however, are satisfied after careful investigation, that the Road cannot be run under present circumstances *to pay*, it may be best to lease, but in that case, the reasons are very strong why the Road should be leased to the Raleigh and Gaston Road in preference to the Danville Road.

COL. TAZ. HARGROVE.

We published a day or two ago, a statement from a correspondent of the Hillsboro *Recorder*, giving an account of an unjustifiable attack by Col. Hargrove upon Mr. Lanier, a prominent lawyer of Oxford, both of whom were employed as opposite counsel, in the preliminary judicial investigation of the voting in the late Senatorial election between Mr. Lassiter and Col. Edwards of Granville.

We are not in possession of all the particulars of the affair, but from what we hear of it, there was certainly no justification for the course of Col. Hargrove. In order to delay and if possible to break up the investigation, he kept several witnesses on the stand, some for two and others for three days, taking them through a course of vexatious and tedious examination, when we are assured, the examination to get at the real facts, should not have consumed as many hours. Mr. Lanier, whose character as a sound and able lawyer and an amiable, courteous gentleman, is of the highest character, remonstrated against the course of Col. Hargrove and when persisted in, characterized it as it deserved.—Col. Hargrove we are told, in a rage arose and struck Mr. Lanier a severe blow, in presence of the investigating Court. Mr. Lanier who is a man of peace, bore the insult without resentment. The affray in which Mr. Lanier is generally held, very naturally excites, we learn, very general condemnation of Col. Hargrove's course.—Col. Hargrove is spoken of, as the Radical candidate for Congress in this District. If what we have heard of the affair be correct, he may be sure that the friends of Mr. Lanier will remember that attack.

MILITARY IN ELECTIONS.

One of the deepest and strongest feelings moving the American people, is hostility to the presence of any armed force, of whatever kind, contiguous to or sufficiently near to menace voters at the ballot box.—Every one feels that it is a deadly thrust, on the part of the government who employs it for any purpose, at one of the dearest rights of American citizenship. It is a principle of civil liberty derived from our English ancestors, which was a strong element at the birth of civil liberty in America. In England this principle has never been violated, pending an election, when the public peace was undisturbed.—And in this country, it was never known, until the demon of Radicalism held sway. We had supposed, that Radicalism would have been content, to gloat itself over Southern humiliation, by sending troops among us to keep "the rebels down." But when every Southern State was declared a military or provisional dependency, when the rights of States were not conceded to them, even then the military officers of the United States did not allow the presence of armed soldiers on or near the election grounds. They were held in check at a reasonable distance in all cases, and not allowed to move towards the ballot box, so long as the public peace was preserved.

Was it ever dreamed of, except by the initiated, that the year 1870 should be signaled in American history as the era when bayonets were to be arrayed against ballots,—when even the troops of the U. S. were to be brought directly in antagonism, with the freedom of an American election? Was it ever imagined that a majority of the members of an American Congress, could ever become perjured men traitors to the Constitution? What else is it but a positive ignoring and spitting upon the Constitution, when a law is passed and so construed that the authorities of the nation or of the several States, may outrage public and private liberty, by concentrating troops during an election, near enough to hold free voters in check and menace them? The scenes which have transpired in North Carolina, and indeed in every State where Grant's administration felt doubtful of support, in which, the National government has brought itself directly in antagonism with the freedom of elections, under the false pretence of securing a fair election, are proof strong as holy writ, that we have nothing of a Republic but in name. These outrages upon civil liberty ought to start the enquiry from Maine to Texas and to California, "do we live in a Republic and are we a free people?"

FEDERAL APPOINTMENTS.

Senator Trumbull is taking an active part in the political campaign in Illinois, the main features of his speeches being advocacy of Civil Service Reform; and a return to specie payments. His pictures of the evil of the present system of appointments to federal office, under which "the President and heads of departments are mere clerks to register the commands of members of Congress," is strongly drawn. He advocates the passage of an act making it a penal offence for any member of Congress to recommend anybody for office at all—unless his advice is asked in writing by the head of a department. Mr. Trumbull thinks a bill of this kind may pass the Senate, but doubts if it will get through the House easily.

The above extract from a Northern exchange, presents Senator Trumbull in an attitude far in advance of his Radical compeers. His course in the impeachment trial of President Johnson, showed that he held himself aloof from the ordinary influences of his party associates and put him above the groveling policy of partizan tricksters. The Republic has nothing to fear so much as from the trickery of it politicians, and the claim which they set up to control the appointments to office in the civil service. Its corrupting influence upon members of Congress is immense, and has stamped that body as mercenary and corrupt, and as being ready to sacrifice themselves for a price. The people will doubtless sanction any law which will break up and cure the corruption of Congress.

THE ELECTION.

The returns of the elections are so incomplete that no certain or definite opinion can be formed as to the specific result.—Gov. Hoffman of New York is doubtless re-elected by a large majority. Greeley says 30,000. We should not be surprised if it be 50,000. The Democrats have also made gains of members of Congress in New York. Greeley is defeated for Congress. Illinois has gone Radical by a largely decreased majority. Missouri we judge has gone for the moderate Republicans against Grant and Drake. Glory enough for one day.—Kentucky, Maryland and we judge Virginia are all right.

RAILROADS.—The spirit which prevails in this State for building new Railroads, is a very common one in the country. In Georgia it is quite rife, where her judiciously built and well managed Roads have done better perhaps, than any where in the South. Some of the Georgia editors are down upon the disposition to continue building Railroads. There are two sides to this question. If the people have the money to build with and will get men of sense and sound discretion to project and manage their Roads, we should say let them go ahead. Railroads will pay if properly located, properly built and properly managed.

NAPOLEON'S PROVIDENT INVESTMENTS.—A detailed statement of the investments of the Emperor Napoleon in foreign funds has been made, showing that he has the snug sum of 63,000,000 francs, (£2,820,000 sterling,) or about $12,000,000 in our money (gold) laid up for a rainy day.—These investments were made at different times, in sums ranging from two to twelve millions of francs, in different years from 1854 to 1870, and in different capitals, including London, Vienna, Mexico, St. Petersburg, and also in New York city. Besides it is said, so numerous have been his property investments that if the Emperor were to go up in the biggest balloon ever seen, and make a long aerial voyage, he could not drop down upon any part of Europe without being within reach of a handsome property of his own.

U. S. TROOPS AND THE ELECTION.

While we have not the least apprehension that there will be any disturbance in tomorrow's election, unless indeed it shall be provoked by the negro marshals called into service to watch white men, or by U. S. troops, ordered by the President, and summoned by the U. S. Marshal, to prevent a fall expression on the part of the majority at the ballot-box, this spectacle of federal interference is nevertheless alike unseemly and disgraceful. There is not now a despot in all the world who would thus venture to overawe the civil power of a State, and there have been but few periods in history when despots would have ventured so much in the direction of uncalled for usurpation of power. When King James II., one of the worst of England's Kings had taken refuge with Louis of France, abandoning a throne which he had disgraced, the Prince of Orange, who succeeded him gave strict order pending the election for a new Parliament, that *no soldiers should be suffered to appear in any town where an election was going on*, and the historian tells us that his admirers were able to boast, and his enemies were unable to deny, that the sense of the constituent bodies was fairly taken. What was thus admitted by Whig and Tory, Protestant and Catholic, in a monarchical government in 1688, cannot be said in these so called American free States, in the year of our Lord 1870, have been ruled by purse, sword and bayonet combined. State after State have felt the effects of military power and presence in its elections for federal and State officers. State Legislature after State Legislature has been overawed by men in federal uniforms, some of whom have used the military to secure their own elections to the Congress of the United States. What has been in North and South Carolina, Texas and Alabama, Arkansas and Florida, Mississippi and Georgia, is to be attempted in this State. We are to have negro marshals and Federal troops, and the people of the majority, we trust and believe, will show that forbearance which will become intelligent and patriotic men, resolved to maintain their privileges at all risks of violence. Let the rebuke of the Ballot be a complete one over the Bullet, and let all patriotic citizens share in the victory of this rebuke of a federal interference, designed to control by force and fear the free State in the American Union.—*New York Express.*

The Titusville *Courier* gives this as a sample of book keeping at "Red Hot," in the oil country: "Jim Wilson commenced boarding here the day the big tree fell. Tom Horner, one week after. Received of Jim Wilson (5) dollars the day Jack got drunk. Paid his whole bill the day Smith's well was torpedoed."

The King of Prussia, refusing to leave the army unless a proposition for peace or armistice is seriously entertained, the North German Parliament will hold its session about the middle of this month at Versailles.

A large number of prominent business and professional men of New Haven, Conn., including the Yale professors, have signed a letter endorsing Secretary Cox for his action in retiring from the cabinet, condemning the assessment of officeholders for party purposes, and urging reform in the manner of appointment and tenure of office in the civil service.

The vote for the King of Spain has been fixed for the 16th instant. In the Cortes Prim has presented the name of the Duke of Aosta. The friends of Montpensier and Espartero in the Cortes are, however, active in opposition. THE Mont Cenis tunnel, the most wonderful piece of railway enterprise ever undertaken, will be completed next year. At one part it is 5,000 feet below the surface of the earth. In making this tunnel several useful discoveries, which render man's progress through the bowels of the land much easier than it was before, have been made and successfully tested. Boring, by the aid of compressed air, is one of them.

Judge Tappan of the Kings Co., N. Y., Supreme Court, has decided, in a case involving $130,000, that a marriage was perfectly legal if the parties promised to live together as husband and wife, and that a child born before the marriage ceremony was performed, was legitimate.

A laughable thing took place at a revival meeting somewhere in Mississippi, not long since. The minister noticed a seedy looking chap in one of the seats, looking as though he needed religion or a good square meal. So he stepped up to him and asked him if he was a Christian. "No, sir," said he. "I am the editor of the Radical paper in this place." "Then in the name of God, let us pray," replied the devoted minister.—*St. Louis Gazette.*

For the five years ending 1860 the total amount of taxes of every name and nature, State, Municipal, and Federal, assessed and collected in Maine, were less than $12,000,000. For the five years ending this year, the total amount collected and assessed has been near $67,000,000, an increase of $55,000,000. No wonder the times are hard.

THE abandonment of great naval armaments is seriously considered by the practical men of Europe. One reason suggested is that the constant improvements being made in naval armaments render a large offensive and defensive navy almost useless by the time it has been perfected.

RADICAL CONVENTION.—The Radical Convention to nominate a candidate for Congress in this District, meets to-day in the Court House. Several candidates are spoken of.

ENTERPRISING.—Our young friends Pomp Bryan and Charles Howard have, we learn, rented the vacant lot next to the Postoffice and are erecting on it a large frame, which they intend to rent to show people to stick up their posters, &c. Success to the boys.

WE are requested to state, that Gen. H. G. Spruill of Elizabeth City, will not be able to be in Raleigh, at the meeting of the General Assembly. An old disease, with which he has been occasionally afflicted, for three years past, and from which he believed that he had fully recovered, has returned with increased severity, and will confine him at home.

To the Senators who had kindly offered to vote for him for Principal Clerk of the Senate, and to the many friends who had interested themselves on his behalf, he tenders his sincere thanks.

POMEROY.—The editor acknowledges the receipt of a fine photograph of Brick Pomeroy, the editor of the *Democrat*. He has a fine face and head, and betrays in his face little of the fire and the violence which his editorial course indicates.

FOUND.—A little boy found on the Fair Grounds, a gold bracelet with several setts, worn upon the wrist. It appears to be an heir-loom. The owner can get it on application at this office.

SUPERVISORS OF THE INSANE ASYLUM.—It has been stated that Gov. Holden has appointed the Democratic Conservative Senator of Sampson, one of the Supervisors of the Lunatic Asylum. It is a good appointment, but we have been thinking of a reason why Gov. Holden should confer the appointment upon Dr. Murphy. Why upon a State Senator, and one at a distance? Holden barks up the wrong tree. There is no departure in this appointment from Holden's stern rule, that under his administration no Conservative shall have a crumb of bread, for the reason, there is no pay attached to it.

Mining operations in the western section of this State are being carried on briskly. Capt. Johnson, superintendent of the McGinn mine, five miles from Charlotte, is about erecting furnaces for desulphurizing the hard gold ores found below the water level. Capt. Johnson has just returned from the North where he carried a ton of the ore and is satisfied that the enterprise will compensate him very handsomely. Many Northern gentlemen of capital have within the past few weeks visited that section prospecting for suitable locations.

The nineteenth century Joan of Arc has appeared. This time she is not from Orleans, but from a small town in the arrondissement of Neufchateau, and has taken rank as a captain of Francs tireurs. A local journal observes: "What makes every one so sanguine about this corps is that it is commanded by an intrepid captain, and that captain a woman—no other than the postmistress of L——, where she is highly loved and esteemed. It appears that the lady has already seen service in the Polish cavalry. She is described as being exceedingly devout, and possessed of considerable medical skill. A surgeon's instrument case, a crucifix, and revolvers are her invariable companions.

PROCEEDINGS OF THE STATE BAPTIST CONVENTION.

FIRST DAY—WEDNESDAY.

The Convention was called to order by the President of the last Convention, Rev. Mr. Brooks of Forestville. After reading the 103d Psalm and singing the 693d hymn, a prayer was offered by Rev. Dr. Pritchard of this city.

The Secretary called the roll of the various Associations, Churches and Unions, in order to ascertain the names of the delegates present.

The term of office of the present officers, having expired by limitation, an election was held. Revs. Messrs. Hiden and Hufham were appointed tellers.

A ballot was taken and the Rev. Mr. Brooks was re-elected.

The President briefly returned his thanks for this renewed token of their confidence, and alluded to the happy and harmonious results that had attended their Conventions, and concluded his remarks by an eloquent eulogy upon the late Rev. Dr. McDaniel.

Revs. Messrs. Mitchell, Savage and Stradley were appointed a committee to nominate the remaining officers. After consultation they reported the following names:

1st Vice President, Rev. T. H. Pritchard.
2nd " " Rev. T. R. Justice.
3rd " " Rev. D. Lennon.
Secretary, Rev. J. L. Carroll.
Assistant Secretary, Rev. G. W. Sanderlin.
Treasurer, Rev. J. S. Purefoy.
Auditor, Rev. W. B. Royall.

The report was adopted.

On motion, a committee was appointed to report on the order of business, consisting of Rev. Messrs. James, Hufham and Walters.

Rev. Mr. James moved to appoint a special committee to prepare a memoir of the life and character of the late Rev. Dr. McDaniel. Carried.

The President appointed the Rev. Messrs. Brunt, Hiden and Hufham as said committee.

On motion of Rev. Mr. Pritchard, it was agreed that the Convention should meet at half past 9 A. M., and adjourn at 1 P. M.; meet again at 3 P. M., and adjourn at pleasure.

Rev. Dr. Pritchard read a letter from Rev. Mr. Teasdale, corresponding Secretary of the Sunday School Board of the General Convention, asking that Thursday, between the hours of 10 and half past 11 A. M., be set aside for the discussion of Sunday School matters.

The Pastor and Deacons of the Raleigh Church together with Messrs. Isaac Winston and W. B. Dunn were appointed a Committee on religious exercises.

Rev. Mr. Pureloy offered a resolution requesting the members not to spit on the floor of the Church. Lost.

The Committee on order of business made the following report:

1st. Appointment of Committees.
2nd. Report of Sunday School Associations.
3rd. Report of Board of Missions.
4th. Report of Board of Education.
5th. Motions, resolutions and miscellaneous business.

On motion of Mr. Hiden, all visiting brethren were invited to seats and enjoy all priveleges except that of voting.

Mr. Hiden said that he recognized the Rev. Mr. Yates, Missionary to China, who, he hoped, would address the Convention.

The President hoped that the Convention would excuse a departure from the regular rule of receiving visiting brethren, and allow him to meet brother Yates in the aisle and extend to him the right hand of fellowship. The President then descended from his seat, meeting Mr. Yates in the aisle and taking him by the hand, congratulated him upon his safe return, and invoking heaven's blessings upon the good work in which he was engaged, &c.

Mr. Yates, in returning his thanks for his reception, asked the prayers of the Convention in behalf of his wife and child, who were now in China, in the midst of a terrible excitement and a threatened extermination of all foreigners.

Rev. Jno. Ammons, of the Sunday School Board of the Southern Baptist Convention, was reported as a visitor and was invited to a seat.

On motion, Thursday night was set apart to hear Rev. Mr. Yates upon the subject of his labors in China.

The hour of adjournment having arrived, the doxology was sung and the Convention adjourned until 3 o'clock, P. M.

AFTERNOON SESSION.

At 3 o'clock P. M., the Convention met pursuant to adjournment. After singing the 691st hymn, a prayer was offered by Rev. Mr. Devin.

Mr. Hiden moved to appoint a Committee to inquire into the propriety of abolishing the Annual Missionary Sermon. Carried.

The President appointed Brethern Hiden, Pureloy and Pritchard as said Committee.

Rev. Mr. James moved to appoint a Committee on time and place of next meeting. The President appointed Brethern Poteat, Holland and Dunn.

The President announced the Committee on Periodicals to consist of Rev. Messrs. Hiden, Hufham and Overby.

Revs. J. J. James, W. T. Walters and J. R. Devin, were announced as a Committee to nominate new Boards.

On motion, a Committee to revise the list of Ministers, consisting of Messrs. T. B. Justice, F. Jordan and Wm. Pace, was appointed.

On motion, a Finance Committee, consisting of Messrs. Poteat, Perry and J. L. Jordan, was appointed.

Rev. J. J. James moved that a Committee be appointed to select a minister to preach the introductory sermon at the next session of the Convention. The President appointed Messrs. P. P. Pescud, Cannady and Cheek.

The names of a number of life members were recorded by the Secretary.

Rev. Dr. Pritchard, from the Committee on the Board of State Missions, submitted a report which was read.

After some discussion the report was appropriately referred.

Rev. Mr. Harrell offered a prayer and the Convention adjourned until to-morrow at half past 9 o'clock, P. M.

The Wilmington *Star* says that turkeys is that section are 'casting furtive glances." Well they may, judging from the numerous roguelies which the papers of that city have recorded for the past twelve months.

A bear was captured on Evans' plantation near Newbern. The brute weighed over 300 pounds.

The local of a Little Rock paper, in speaking of a concert at that place, says "Mrs. Ludwig, with her magnificent and skillfully managed voice, brought down the house in several pieces." And again: "Miss Lynch took the house by storm, with her sweet, mocking bird like rendring of the "Flower Song" by Faust, and was re-called, as was Mrs. Ludwig, in several pieces." If that house didn't come to smash, the ladies in question must have been in a bad fix.

A private dispatch from Jacksonville, Florida, says that two hundred men drove the whites and blacks, including the candidates for Lieutenant Governor and the Legislature from Lake City. Returns show a decreased Republican majority in Florida.

The Democrats in the next House will number 92 against 67 in the present House. This list includes no HERMAPHRODITES.

The 30th New York district a Democratic gain. The 4th New York district elected McMahon a Young Democrat. The 8th elects Brooks, a Tammany Democrat. In the 9th district, Cox beats Greeley only a thousand votes.

In the 1st Missouri district Wells is re-elected by a majority of one thousand. In the 2nd Missouri district, Finnekenberg, liberal Republican, is re-elected. In the 3rd Missouri district, McCormick, Democrat, is elected.

The Republicans made heavy gains in Kansas.

Nothing definite from Arkansas. Conflicts between the Federal and State authorities are reported at several points.

It rained in Missouri during the afternoon. Brown is vastly ahead as far as heard from.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable
LIFE ASSURANCE SOCIETY
OF THE
UNITED STATES
120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes of hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $4,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealings so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December 1, 1869, was $31,031,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of the business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in

NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000 000

in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen, & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus living much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet · Size Bale 4½ feet x26x28x50in; wt. Bale 400 to 550 lbs.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, when Kerosene Oil is used.

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON-FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividens annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "Policies sure to render values *guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "guaranteed Cash surrender Value." *Death losses* have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "*Fictitious Dividends* are not declared, but Dividends are given from the actual surplus, in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*—upon which elements of administration the security of a Life Insurance Corporation depends

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
